USE DURING A REAL CONVERSATION

Mortgage *Conversation Guide.*

Don't memorize a pitch. Find out what the person is trying to do, then decide whether a personal introduction would help.

Where to start

RENEWAL

“When does your mortgage come up for renewal?”

If soon: “Have you compared your options yet?”

MONTHLY PAYMENTS

“Are you comfortable with what you're paying each month?”

Ask if their concern is the payment or the full cost.

BUYING OR MOVING

“Any plans to buy or move in the next year?”

Ask about timing, not a mortgage approval.

DEBT / REFINANCING

“What's the main thing you're hoping to change?”

Listen for the goal. Let the specialist weigh the trade-offs.

When they respond

“I'M JUST LOOKING.”

“That's fine. What are you trying to figure out?”

Offer an introduction only if they want help.

“I ALREADY HAVE A BROKER.”

“That's good. Is there anything you're still trying to work out?”

Respect their relationship and their answer.

“WHO IS 8TWELVE?”

“It's a licensed mortgage brokerage with access to different lenders.”

Explain that your specialist is someone you know. Don't promise the lowest rate.

ASKS ABOUT JOINING THE TEAM

Keep this separate.

Offer a discussion with a business leader about work, training and qualifications. Don't pivot a client's mortgage need into a pitch.

PERSONAL INTRODUCTION

“I know a licensed mortgage specialist at 8Twelve. Would you be open to me introducing you so they can review your options?”

Follow through: Ask permission to share a name and chosen contact detail, make the introduction, confirm the connection and agree on a date: “Would Thursday work for me to check back?”

Do not quote rates, promise approval, recommend loans or request confidential underwriting records. 8Twelve is a separate licensed mortgage brokerage. Respect a clear “no.”

Hand-Off *Document.*

Ask these questions, write down the answers, then hand this to a licensed 8Twelve mortgage specialist so they can prepare. This is not an application and does not start a mortgage review.

01 Start with the goal

Ask these in your own words. Tick what they say.

What are you hoping to do?

- ☐ Buy a home
- ☐ Renew
- ☐ Refinance
- ☐ Consolidate debt
- ☐ Increase cash flow

When would you like to make a change?

When does your mortgage come up for renewal?

What matters most to you?

- ☐ A lower monthly amount
- ☐ Pay less overall
- ☐ Pay it off sooner
- ☐ Use some of your home's equity
- ☐ More flexibility

02 The basic numbers

Only ask what fits the conversation. It's okay to leave blanks.

Roughly, what's your home worth?

Roughly, how much is left on your mortgage?

Roughly, what do you pay each month?

03 Questions and contact

Ask what they want the specialist to answer, then how to reach them.

What would you like the specialist to answer for you?

What's your name?

What's the best phone number or email to reach you?

When's a good time to connect?

- ☐ Yes, you may share my name and the phone or email above with a licensed 8Twelve Mortgage specialist about this question.
- ☐ Not yet — ask again later. Any other worksheet details need separate permission.

The specialist reviews the options and contacts the client directly. The introducer passes the information on; they do not process the mortgage or recommend a product. Do not record SIN, bank credentials, government ID, credit reports or private financial documents. Share completed forms only through an approved secure process.
